

What's Up @ WLMH: October 2020

FEATURE: 10 things to know about the Stage 2 submission

After a whirlwind seven months of planning, we've submitted the Stage 2 plan to the Ministry for approval. We can't say too much, but here's 10 things to know about the plan.

[Read more.](#)

Ask Bart Anything: Who's on our team?

Bart's back to tell us who the experts are that have been and will continue to help us plan and design the new hospital.

We're digging all the progress at the site!

Crews are on site to do some geotechnical drilling, checking out the soil and measuring how deep the bedrock is below the site.

See the rig.
