

# **WLMH key to HHS' innovative surgical plan**

## ***Plan made possible through Surgical Innovation Fund***

Three Hamilton Health Sciences (HHS) hospital sites are partnering to tackle wait times for certain spine, knee and eye day surgeries.

These surgeries currently have wait times longer than the provincial targets. This plan, made possible through \$450,000 from the province's Surgical Innovation Fund, will help reduce wait times overall.

This plan will see some day surgeries for adults currently performed at Hamilton General Hospital (HGH) and McMaster Children's Hospital (MCH) move to West Lincoln Memorial Hospital (WLMH) in Grimsby.
